FRAGMENT ist ein handgefertigtes Meisterwerk, das in einem komplizierten Verfahren unter Verwendung mathematischer Formeln hergestellt wird. Jedes Teil wird mit größter Sorgfalt mit Laser geschnitten und tausendfach zusammengesetzt, um Präzision und Einzigartigkeit zu gewährleisten. Jedes Teil wird einzeln von Hand geschweißt, wodurch ein atemberaubendes Kunstwerk entsteht, das Handwerkskunst mit innovativem Design verbindet.

NEXTIME

Garden Collection

Dear NeXtime friends,

Lets go outside, proudly we like to introduce a new group of products to the NeXtime family, a group of weatherproof clocks which can be used outside in protected areas. These products can be sold online and also in Garden centers with the special Garden center display. I hope you like this new concept and that you decide to join us this spring to a possible new market for our clocks.

Weatherproof clocks can be used outside and can resist humidity. Preferably these products hang in a protected area outside and not in open weather situations.
